# What is a Charrette?

**cha·rrette** \shuh-RET\ *n.*

1. A multiple-day collaborative design and planning workshop held on-site and inclusive of all affected stakeholders.

[From French charrette (cart), from Old French.]

Anecdotaly, professors at the École des Beaux Arts in Paris during the 19th century collected architecture students' final drawings in a cart for jury critiques while students frantically put finishing touches on their work.

## BLONDIN CROSSES NIAGARA

### Balances On Tight Rope

Charles Blondin, acrobat, today performed the incredible stunt of crossing the Niagara Falls on a tightrope high over the water, balancing precariously on stilts. He made several trips across, one of

wheelbarrow. These

### French Acrobat Uses Stilts

The rope used by Blondin was 1,100 feet long, and was strung a hundred and sixty feet above the roaring falls. A huge crowd held its breath as it watched the Frenchman in his daring, dangerous feats,
